

## **Invitation to New 4-H State Program Leader Orientation**

As a new state leader in 4-H, you are invited to a special orientation, March 20-21, 2005 in conjunction with the 4-H Program Leader's meeting this spring.

Who: 4-H State Program Leaders with less than 1 year in their position

What: New State Leader Orientation

When: March 20-21, 2005 as a pre-conference to the State Program Leader meeting

Where: Omni Golf Resort in Tucson, Arizona

This orientation, designed and conducted by State 4-H Program Leaders, will help you succeed in your role as the leader of one of your state's largest youth organizations. Based on the needs of new state leaders, topics will focus on managing the daily work of 4-H more effectively and creatively. Experienced Program Leaders and other key personnel will be on hand to share their wisdom and learning experiences. You will also be able to connect with your colleagues, new and experienced, in a small group setting.

Note: This orientation is primarily for State 4-H Program Leaders with less than 12 months of experience. The recently announced "Art of Leadership" series is for people newly hired in key leadership roles across the 4-H system--including State 4-H Program Leaders--with less than 5 years of experience in their position.
